WHAT PREVIOUS STUDENTS HAVE SAID ABOUT THE PROGRAMME

"E-learning is an exciting new study method, I am glad I had the opportunity to take part in this course"

"I found this course really interesting because I learned much more than I knew before about the European countries"

"Before starting this course I had a strong provision that distance learning is not suitable for social work studies. I was definitely wrong. Modern technologies provide us with possibilities to communicate in a different way, which also widen our view on the field of social work".

"The instructions were very clear and permitted a comfortable use of the platform".

"I got to know interesting things about social work in other countries. I learned a lot from my chosen theme"

"I am glad that I was able to work with such good company!"

"The Virtual Book is easy to use. It is nice and the graphic design is good. I liked to see the teachers; it is like I know you. It gave me a lot of inspiration"
